

Programme  
December 2013 Workshop on Interdisciplinarity

10:15-11:00

"Philosophy of interdisciplinarity: A Manifesto"

Uskali Mäki

11:00-11:30

Break

11:30-12:15

"Models exchanges and their interdisciplinarity success"

Till Grüne-Yanoff

12:15-13:00

"Model transfer within and between scientific disciplines: Magnetic spins turned into neural networks"

Tarja Knuuttila and Anrea Loettgers

13:00-14:30

Lunch

14:30-15:15

"Triangulation across the lab, the scanner, and the field: the case of neuroeconomics"

Jaakko Kuorikoski and Caterina Marchionni

15:15-16:00

"Transdisciplinarity problem-solving: Emerging models in integrative systems biology"

Miles MacLeod

16:00-16:30

Break

16:30-17:15

"Understanding interdisciplinarity from disciplinary dynamics"

Martina Merz

17:15-18:00

"On the kinds and roles of non-academic knowledges in transdisciplinarity"

Inkeri Koskinen and Uskali Mäki
