

## Working Seminar On Robustness Analysis

### Thursday 25.09

Venue: Unioninkatu 40 room 10

10:00 Opening

10:30-11:30 Kent Staley, *Estimation of systematic uncertainty as robustness analysis*

11:30-12:30 Alessandra Basso, *The triangulation of measurement procedures*

12:30-14:00 Lunch break

14:00-15:00 Aki Lehtinen, *Derivational robustness and indirect confirmation*

15:00-16:00 Jaakko Kuorikoski & Caterina Marchionni, *Evidential diversity and the triangulation of phenomena*

16:00-16:30 Coffee break

16:30-17:30 Jacob Stegenga, *Robustness and independent evidence*

19:00 Dinner

### Friday 26.09

Venue: Unioninkatu 40 room 30

10:00-11:00 Lorenzo Casini, *Robustness explanation*

11:00-12:00 Cedric Paternotte, *Robustness in evolutionary explanations: a positive account*

12:00-12:15 Coffee break

12:15-13:15 Chiara Lisciandra, *Robustness analysis and mathematical tractability*

13:15-14:15 Lunch break

14:15-15:15 Jonah Schupbach, *Robustness analysis as explanatory reasoning*
